

Kane Opens Winning Account:

It certainly didn't take Boettcher Racing Team driver Darren Kane too long to get into victory lane for the 2010/11 season.

Last weekend's opening round of the Proton Queensland Super Sedan Series at Maryborough Speedway resulted in Kane driving his QLD # 36 Boettcher Racing Team Mazda RX8 to a commanding victory.

"Our team couldn't have hoped for a better start to the new season and we are hoping to only build on this performance," Kane expressed, who had the previous weekend had a low-key shakedown run at Gympie's Mothar Mountain Speedway. "As always, the team worked very hard all night, which made my job easier, and we were rewarded with the best possible result."

Although the night ended in winning fashion, it wasn't all plain sailing for Kane and the Boettcher Racing Team.

"The team kept its eyes on the big picture, the feature race, as we always do, and the car was great for the feature race," said Kane, who had earlier in the night won the opening heat race, which saw him record the fastest lap of the night, and then finish fourth and third in his remaining two heat races. "For the feature race we started fifth after the pole shuffle, as we had to fight our way from the back of the field in two of our three heat races, and it set us up well for when the feature race came around."

In the feature race Kane worked his way into second place by the middle stages and he then worked on chasing after runaway leader Steve Jordan. By the 23rd lap he had caught and passed Jordan and from there went on to score a comfortable victory.

"During the feature race the car just kept getting better and better," commented the former duel Australian Champion. "Once I moved into second I then had clear traffic to be able to chase after Steve [Jordan] and that's what I was able to achieve."

Kane and the Boettcher Racing Team will next be in action on Saturday night, October 9 at Brisbane International Speedway for the second round of the Proton Queensland Series.
